LGW ... A2P (CE-version)

Bottom part: New injection mould

With the new production of the injection moulding tool of the lower part, some designations were corrected or changed.

Start of production (SOP): Week 20/2021

During a transitional period, both versions will certainly be delivered.

Please inform your customers.

Changes	New	Old
<p>Designation of the pressure connection at the bottom has been corrected:</p> <p>New: Rc 1/4 Old: G 1/4 K</p> <p>Only change of the designation: Threads of the old and new design are technically identical!</p>		
<p>Change "Made in Germany" will be replaced by "DUNGS®"</p>		
<p>Change Designation of the test button.</p> <p>New Test button</p> <p>Old Prüftaste/Test button</p>
